Learning Motivation and Interest Questions

As we know that motivation and interest are important in learning English, however student's motivation and interest in learning English are an issue in Indonesia especially at university level. To look insight to this problem, I am interested to conduct a survey to seek student's motivation and interest in learning English in University. The aim of this survey is to seek student's motivation and interest in learning English.

Your participation in filling this questionnaire is voluntarily and your information will be kept confidential.

The information from this survey will be used for publications such as journal articles and conference papers in the future.

Thank you for your participation, we do appreciate it.

Instruction:

1. In this questionnaire there are 30 statements. Carefully consider each statement in relation to the learning materials you have learned and give the answer that really matches your choice.
2. Consider each statement separately and determine its truth. Your answer should not be influenced by answers to other statements.
3. Record your responses on the answer sheet provided and follow any other instructions that may be given regarding the answer sheet.

Description of answer choices:

- 1 = Disagree (D)
- 2 = Less Agree (LA) 3 = Agree (A)
- 4 = Strongly Agree (SA)

Name _____ **Class** _____

Date _____
